INVESTIGATIVE INFORMATION: (Example: Additional Complainants, Additional Employees, Interviews, etc.)

In reference to an investigation conducted under IAD File #06/276, the complainant, Eric Johnson, informed Sgt. Sheila Pearson, an Internal Affairs Investigator, that the undercover detectives who arrested him may have used the St. Louis Cardinals World Series Tickets seized from him. Mr. Johnson said he was nearby when one of the detectives made a telephone call telling the person he contacted that he had tickets to the game and asked (the person called) if he/she wanted to attend the game. As a result of this additional allegation, a preliminary audit was conducted for complaint # 06-088953 to determine whether the tickets were in fact used. This investigation discovered that the two tickets seized under this report were scanned in by the Cardinals organization after Mr. Johnson's arrest. Due to this discovery, a comprehensive audit was conducted regarding all tickets seized during the World Series Games (10/24/06 – 10/27/06).

Investigator Sergeant Sheila Pearson DSN 4303 Assign 710 Date 04/06/07
